Hickman did it again! Got his pictures all over front pages of the newspapers. The public will probably not be bothered again.

Saw Bro. McCallum, the Troy Herald, at the circus last night, feeding the elephants peanuts.

Only one speech in Elba in two weeks.

Did you read the school news in last week's Clipper?

If all the propaganda, political and otherwise, received each week in this office were laid end to end there would be a long line.

A high school boy asked the other day if I was Hoover or Smith was the Democratic candidate, and who was the Republican.

The Dothan Eagle, Oct. 16, Saturday, in describing a picture showing the day after signing a contract whereby Clark Griffith after signing a contract whereby Walter was assigned the management of the new theater, had the following to say: "This photograph was taken a few days ago in a three-year contract to manage the Washington Theatre, the first in which he pitched his way to immortal fame, I wonder if the Eagle is an admirer of the Big Train."

HEALTH CONDITIONS IMPROVED AND FARM LANDS RECLAIMED

Adoption of Proposed Amendment No. 5 Is Strongly Advocated

Proposed Amendment No. 5 is non-political and does not affect the State in any way, nor any citizen of the State outside of a drainage district. It furnishes a voluntary opportunity to landowners in drainage district areas.

The purpose of this measure is to give the landowners in the wet, overflow lands of the State the authority to incorporate their lands, which they desire to do, and to provide within the corporation of drains for the elimination of great difficulties and to render such lands more suitable for cultivation and other purposes.

This measure is endorsed by Colonel Wadley, Finance Director; Hon. H. S. M. Dunwoody, Commissioner of Agriculture and Industries; Dr. Douglas L. Cannon, Acting Health Officer; Colonel Page S. Bunker, State Forester; Dr. Bradford Knapp, President Agricultural College, Tuskegee; Dr. J. C. Starnes, State Superintendent of Banks; and J. M. Moore, former Commissioner of Agriculture and Industries, and organizer of the drainage improvement work in Alabama; and by civic organizations in drainage district areas.
